The following is an Examiner's Statement of Reasons for Allowance:

Applicant has provided a new set of claims, and has authorized cancellation of those claims that lack adequate enabling support. The remaining claims are enabled by the instant specification at page 30, lines 23-29. The allowability of the claimed invention has been confirmed by a new CAPLUS search made of record in association with this amendment wherein the combination of all of the active ingredients could not be found in any single reference. Therefore, the claims remaining as presently in the case have been found to be allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably **accompany** the Issue Fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
